ADVANTAGES

- Ensures that you are not an EASY target.
- Common sense security measures.
- Alleviate and protect from possible fines / lawsuits.
- Brand Awareness / Reputation building.
- Hassle-free integration with other payment entities.
- Reassure customers.

2. CORE CAPABILITIES

2.1 INFORMATION SECURITY

- 1. Security Assessments:**
 - a) We perform Security Risk assessments at all stages. We are PCI DSS Compliant and therefore guide you through your Credit Card Compliance process.
 - b) We are solutions provider for Information Security to ensure mitigation of risk and work with the following vendors: Sailpoint, Cyberark, Veracode, as well as Fortinet.
 - c) We provide comprehensive HIPPA compliant solutions to protect your sensitive patient data and also specialize in ISO 27001 standards to keep your information assets secure.
 - e) We assist you to meet your DFAR regulations guidelines in accordance with Federal Acquisition Regulations.
 - f) Configure and Fine Tune networks, servers, desktops, firewalls, routers, etc.
- 2. Security Risk Management:**
 - a) We have proprietary products to identify security risk. Our "Vulnerability Management System" can diagnosticate and categorize the different risk levels.
- 3. Security Risk Mitigation:**
 - a) We identify and recommend solutions to Mitigate risk using various methodologies like SIEM (Security Information and Event Management), Firewalls Rule Review, etc.

2.2 CYBER SECURITY

We secure Client Data, Confidential Product Designs, Trade Secrets, Source Codes and Patents. The cost of PATENT disputes can be stratospheric, so to protect you from inadvertent leaks and malicious actors, our cyber security solutions are there to help in anticipation.

2.3 INFRASTRUCTURE SECURITY

We provide and work with the leading vendors for Infrastructure Security for **F5, CISCO Routers, Palo Alto, Imperva** and provide professional services in Infrastructure Security.
